Introduction

To date, it is known to many that the tourism sector has become one of the most profitable sectors of the national economy in World States. The decision of the Cabinet of Ministers of the Republic of Uzbekistan on additional measures to develop the tourism potential of the Republic of Karakalpakstan in 2022 — 2026 was adopted. According to the resolution, the Republic of Karakalpakstan, in particular, prepares text, video materials in Karakalpak, Uzbek, Russian and English, promoting the socio-economic development and tourism potential of the

Moynok district, and receives regular media coverage, including television and radio, and is distributed to tourist facilities.

With the participation of representatives of foreign and domestic media, journalists, and bloggers, organized and covered. In order to further increase the social and cultural-educational potential of the island's coastline region, the island's Dream program will implement the established measures.

The Council of Ministers of the Republic of Karakalpakstan and the Ministry of Tourism and cultural heritage will develop in two months the general plan of the Eastern Star ovul Citizens ' Assembly in Ellikqal'a district for the establishment of tourist resorts, trade and entertainment services and the construction of the necessary infrastructure for this purpose, within two months, through the funds of the fund, the Kokshi fortress of the Chimboy district will organize a national-looking renovation of the workshops of craftsmen making a lawn (black house) and landscaping of the territory, which are operating in the neighborhood's Citizens Assembly.

LITERATURE ANALYSIS AND METHODOLOGY

Tourism is important in the development, deployment of productive forces, the rational use of labor resources and the solution of social problems of the population, as well as recreation and wellness. I of the distant foreign countries with many facets of this science. G.Cole, A.Gettner, R.Blanchar, A.Mariotti, A.Ogle, W.Unitsiker, A.Ogle, A.D.Alonso, Corneliu Iatu, A in the CIS states. YU.Alexandrova, N.N.Baransky, YU.A.Vedenin, S.R.Erdavletov, P.N.Zachinyaev, I.I.Cake, YU.D.Dmitrevsky, N.S.Mironenko, A.Nizamiev, E.A.Okladnikova, I.T.Tverdoxlebov, E.J.Matthaeus, N.S.Falkovich and other scientists conducted research. Of these, V. for the development of ecotourism. Adriana Tourism Environmental Impact Management, A.D.Alonso and A.Ogle's impact on the environmental balance of Tourism and hospitality, V. Brambell and B.Lane, R.Butler sustainable tourism development, J.Kukier is a bantlik in tourism in developed countries, E.J.Matthaeus studied the issues of the current developmental practice of ecotourism. At the same time, Tukhliev on some

problems of Tourism geography in our republic. I.S, M.Q.Pardaev, Usmanov.M.R, Soliev.A.S, Mamatkulov.X.M, Khaitbayev.R, Egamberdieva.L.Sh, A.Nigmatov, Iskenderov.A.B, Mamajonov. Specialists like M were engaged.

RESULTS

Today, the Republic of Karakalpakstan is a ties between the present era and the ancient past. Evidence of this includes 131 archaeological finds of objects, 25 architectural examples, 89 monumental art monuments, and about 40 landmarks.

Currently, more than 40 tourist organizations are operating in the Republic of Karakalpakstan, which shows how high the tourist balance of the Republic of Karakalpakstan is. Ayazqal'a, which tells about the history of almost 18 centuries, located on the territory of the Republic, whose architecture is well preserved and dates back to the 4th century AD, the Museum of local lore of the soil and the moose, which glorifies the island sea, and its attractions, such as the cemetery of ships that now only tell us about the sea, coming.

UK publisher Bradt Guides published a list of the world's rarest tourist areas recommended for travel in 2023. In it, the Republic of Karakalpakstan was included in the list, among the unique attractions of Chile, Costa Rica, Israel, Estonia and other tourists. Experts from Bradt Guides noted that it was more convenient to get to Karakalpakstan as a result of the launch of a new airport in the Moynok district and the launch of high-speed trains in the future, the holding of the largest electronic music festival in Central Asia, the world-famous avant-garde collection of the Louvre Museum in the desert,

DISCUSSION

Every tourist who visits the Republic of Karakalpakstan, of course I.V. It is customary to go into the Karakalpak state Art Museum named after Savitsky and watch the exhibits there. More than 90,000 exhibits in the museum, such as Folk Applied Art, Ancient and medieval Khwarezmian art, 1920-30yil Uzbek and Russian Fine Art, Karakalpak modern color-image and sculpture, scientific and educational departments, jewelry created in the 1920s and 30s, wood carving, embroidery, textiles and national clothes, are now the center of tourist attention.

The hotels that replaced the old caravan palaces are also now in high demand today in the Republic of Karakalpakstan modern services are provided to domestic and foreign tourists, where about 30 hotels and guest houses come. According to the i-quarter of 2018 alone, 7,541 tourists are served in our hotels, of which 942 make up foreign tourists. It is therefore a sign of how high the potential of tourism is.

If we look at the transport sector it is not a few months, but a few hours, until it reaches its destination as in ancient times. Currently, tourist firms are provided with special buses and minibuses.

Not only the historical and legendary cities of the Republic of Karakalpakstan are also developing. Currently, in the Republic of Karakalpakstan there are 11,568 hectares of reserve zones, in these reserves there are 826 head of Bukhara deer, and in water bodies there are more than 10 species of animals, such as 43 species of fish, 11 species of reptiles, fox jackal. In Navoi Ovul of ellikkal'a District, oston straus farm-kept ostriches, in the Amir Temur Botanical Garden in the center of Ellikkal'a District, 200 bush trees growing in different regions of the world, about 200tup bushes, and more than 80 peat flowers are cultivated.

CONCLUSION

Summing up, tourism today is one of the areas of rapid development in the world economy, and the Republic of Uzbekistan at the same time has the most favorable opportunities within the countries of Central Asia for the complex development of tourism, the geographical position and natural conditions of the Republic of Karakalpakstan.
